

## LED SOLAR STREET LIGHT

300W/400W/500W

Color:black

REMOTE CONTROL

Lightning protection

IP 66

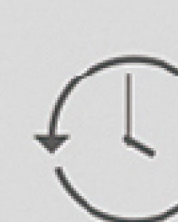

Protection level

Brightness sensing

Energy Conservation

Long life

Rainproof

2-Year warranty

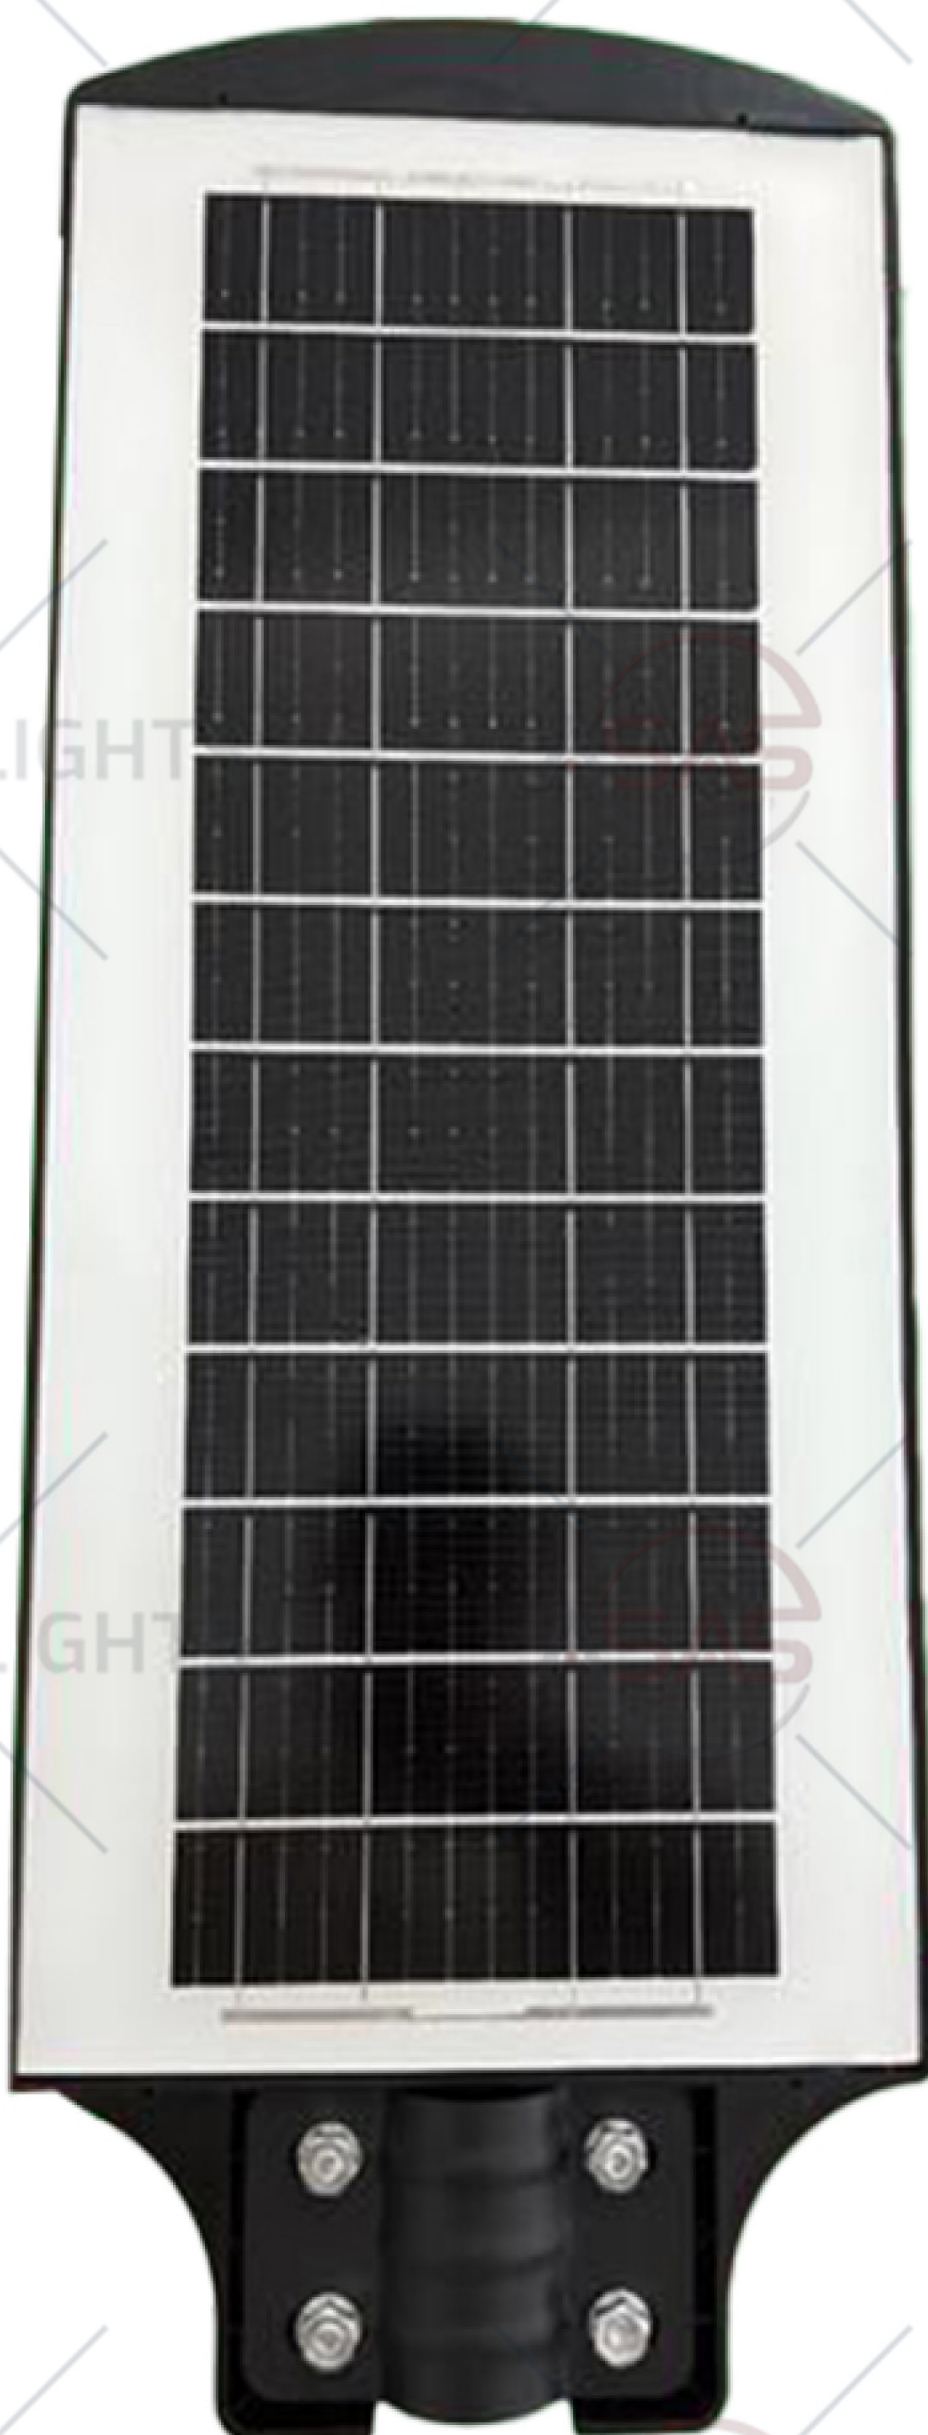

## Product introduction

- Adopting high luminous efficiency SMD LED 5730 light source with light-emitting uniformity, high LED initial luminous flux 100LM/W and the entire lighting efficiency  $\geq 100\text{LM/W}$ , CRI(Ra>70), good heat dissipation, low light degradation;
- ABS plastic housing, nice appearance, and Durable in quality. heat sink and housing integration together, a integrated housing with efficient cooling and lamp life of up to 30,000 hours;
- Using special waterproof connectors and silicon rubber seal technology and protection class Ip65;
- High purity aluminum reflector, anti-oxidation, unfading in color, reflective effect;
- The whole lamp appearance by paint and sandblasting not only corrosion resistance, but also better products cooling; Stainless steel screws and parts, suitable for harsh environments in the long-term use;

LED SOLAR STREET LIGHT

NO	POWER	BATTERY	SOLAR PANEL	LUMINOUS	CCT	DIMENSION
AB-EG180	300W	3.2V10AH	6V12W	1800LM	6500K / 3000K / 4000K	625*240MM
AB-EG240	400W	3.2V10AH	6V15W	2400LM	6500K / 3000K / 4000K	720*240MM
AB-EG300	500W	3.2V15AH	6V12W	3000LM	6500K / 3000K / 4000K	820*240MM

USE SCENARIO
